

32nd AFA Int'l. Fertilizer Technology Conference & Exhibition
30/4 – 2/5/2019, Muscat, Oman

Steering toward innovation: The innovative technology progression

Call for Papers

Call for Papers demonstrating operational and technical experience and innovation:

All accepted papers will be presented in the forum proceeding

Submitted papers must be in English.

We welcome papers covering the following areas:

Technology innovations and improvements:

- ✓ Best Available Technology
- ✓ Specialty fertilizer production technology innovation
- ✓ Process and efficiency improvements
- ✓ Revamps
- ✓ catalysts and Chemical: Latest developments

Equipment & Materials

- ✓ Maintenance troubleshooting and problem solving.
- ✓ Materials Selection and Upgrading
- ✓ Inspection and lifetime assessment
- ✓ Advanced process control
- ✓ Optimization of process and Maintenance
- ✓ Improvements in packaging, materials handling, and distribution systems.

Energy & Water Management:

- ✓ Way to improve the energy efficiency in fertilizer production
- ✓ Life-cycle energy balance of fertilizers
- ✓ Water treatment

HSE:

- ✓ Pollution control
- ✓ Best practice health and safety initiatives
- ✓ Learning from environmental incidents
- ✓ Process safety management

Case studies demonstrating:

- ✓ Good Practices and Success Stories
- ✓ Practical solutions to operational problems
- ✓ Process and efficiency improvements
- ✓ Equipment improvements and optimization
- ✓ Problems associated with General Maintenance & Inspection
