

31<sup>ST</sup> AFA INT'L.  
FERTILIZER TECHNOLOGY  
CONFERENCE & EXHIBITION  
26 – 28 June 2018, Casablanca, Morocco

الإتحاد العربي للأسمدة  
Arab Int'l Organization  
مجلس خبراء دولي للأسمدة  
Arab Fertilizer Association  
Since 1975

**PRODUCE EFFICIENTLY & BE INDUSTRY OF INTEGRITY**

**CALL FOR PAPERS**

Demonstrating operational and technical  
experience and innovation:

# We welcome papers covering the following areas:

## Technology innovations and improvements

- ✓ Best Available Technology : Ammonia, Urea, AN, Phosphoric Acid, Sulphuric Acid, DAP, NPK, ....
- ✓ Specialty fertilizer production technology innovation
- ✓ Process and efficiency improvements
- ✓ Capacity enhancements and product diversification
- ✓ Best Approaches in Mining Activities
- ✓ catalysts and Chemical : Latest developments

## Equipment & Materials

- ✓ Maintenance troubleshooting and problem solving.
- ✓ Materials Selection and Upgrading
- ✓ Optimization of process and Maintenance
- ✓ Maintenance Management
- ✓ Improvements in packaging, materials handling, and distribution systems.

## Energy & Water Management

- ✓ Way to improve the energy efficiency in fertilizer production
- ✓ Life-cycle energy balance of fertilizers
- ✓ Sustainable Water Management in Fertilizer Industry

## HSE

- ✓ Advances in environmental efficiency and strategies for compliance
- ✓ Best practices in health and safety initiatives
- ✓ Innovative waste management techniques
- ✓ Learning from incidents
- ✓ Process safety management
- ✓ Phosphogypsum

## Case studies demonstrating

- ✓ Practical solutions to operational problems
- ✓ Process and efficiency improvements
- ✓ Equipment improvements and optimization
- ✓ Problems associated with General Maintenance & Inspection
