- Leverage from PIC success story in implementing effective PSM program
- Learn how Fertilizer plants can benefit from implement Process safety management system
- Understand how modifications and projects are controlled to ensure all changes are properly reviewed and any hazards introduced by the change are identified, evaluated, analyzed, understood and controlled before resuming operation
- Gain hoe PSM elements are monitored and measured using Key performance Indicators
- Learn from lessons, learn from others mistakes, do not let others learn from yours
- Share Asset Management system by the effective implementation and documentation of asset management practices, plans, processes & procedures.
- Hear how equipment reliability will lead to high performance and safer workplace.
- And more.....

#### Reasons for attending are:-

- Improving organizations Process safety culture
- Reduce process related risk at workplace
- Bridge gap between policy and operations
- Create a healthier and safer workplace
- Effectively implement process safety management system
- Increasing staff morale
- Reduce insurance premium
- Increasing profitability and plant reliability.

#### About the Petrochemical Industries Company (PIC)

The Petrochemical Industries Company (PIC) was established in 1963, and owned to Kuwait Petroleum Corporation in 1980. In 1966, PIC constructed Kuwait's first complex for chemical fertilizers production in Shuaiba Industrial Area. Over years, PIC's plants were being expanded and supplied with additional facilities, and there production capacities were being improved. In 1989, preliminary agreements for the construction of polypropylene projects were signed. In 1993, PIC signed a memorandum of understanding with Union Carbide to construct a petrochemical complex at Shuaiba Industrial Area. Production had started near In 2004, the company announced the foundation of two joint ventures (ME Global, and Historical Abstract Equipolymers) with Dow Chemical.

#### PIC's Vision

We aspire to be a recognized global petrochemical player leveraging Kuwait national resources in value added partnerships to drive growth and being admired by our stakeholders.
