Health, Safety & Environment: The Pillar for Sustainable Arab Fertilizer Industry Workshop

AFA is delighted to announce the organization of the Safety, Health and Environment workshop under the theme **"Health, Safety & Environment: the Pillar for Sustainable Arab Fertilizer Industry"**.

Supported by OCP S.A.

This unique event will showcase the industry's achievements and innovations in HSE management, and will highlight best practices leading to SHE excellence in operations.

Fertilizer industry is committed to maintain safe, healthy and clean environment for all the employees, visitors and community by applying standards, laws and regulations for Health, Safety and Environment (HSE) through Process Safety Management

Workshop Objectives:

- To share best practices in SHE management.
- To help build commitment on behalf of the fertilizer industry towards excellence in safety, health and environment.
- To demonstrate to the local communities and the public at large that the fertilizer industry has taken and is taking action to continually improve safety in production.
- Positioning your company regarding World Class Companies practices.
- Have some successful and updated tools to reach this excellency.

2015
September
Marrakech, Morocco

Workshop Topics:

- The Journey of AFA and the Future Road Map.
- Performance Metrics the Path to Sustainable Platform.
- The Sustainability is the Way to Go.
- HSE Best Practices in AFA Member Companies.
- Shaping the Contractors HSE Competency.
- Innovative behavior-based safety methods.
- Case Studies and Best Practices from AFA Members.

About OCP S.A.

OCP Group is a key player in the global phosphate market. It is the world's largest exporter of phosphate in all its forms: phosphate rock, phosphoric acid, and phosphate fertilizers.

Founded in 1920, OCP boasts more than 90 years of experience and is present across the entire value chain from the extraction to the sales of phosphate and its derivative products. With the world largest reserves of phosphate, cutting-edge chemical and production facilities, and world-class R&D programs, OCP responds creatively and cost-effectively to the growing global demand of its products.

Headquartered in Casablanca, OCP works in close partnership with over 160 clients worldwide. It provides over 23,000 direct jobs and 40,000 indirect jobs across Morocco.
